```
   C                                G
1. Headed down south to the land of the coin,
   Am                               F
   Thumbing my way to where Thompson Rivers join
   C                        G                        F          F
   Staring up the road pray I don't see wild-life.....say Grizzly?
   C                              G          Am                    F
   Made it down the trail in 18 hours, picked a bouquet of fireweed flowers,
   C                                G                    F      F
   Hoping for Kamloops, gotta see my Baby to-night

      CHORUS:
      C                        G                Am                    F
      Rock me mama with a wagon wheel, rock me mama any-how you feel
      C      G          F          F
      Hey----ey mama rock me
      C                          G                    Am                        F
      Rock me mama with the wind and the hail, rock me mama with an ocean gale
      C      G          F       F       C      G          F          F
      Hey—ey mama rock me…….  hey----ey mama rock me

   C                              G
2. Running from the cold in Tete Jaune Cache
   Am                               F
   Born to be a drummer in an old country band,
   C                                  G                     F      F
   My baby blows harmonica and I play the uku-le-le now.
            C                              G
   Oh the North country winters are makin' me down
         Am                        F
   Lost money in casinos so I have to leave town,
   C                    G          F      F
   I'm not livin' that old life no more........

      CHORUS….

            C      G           F         F   C↓
   Outro: Hey—ey mama rock me
